- Participants receive onsite training
- Participants are linked to employment provider and placed into paid employment

PROJECT YOUTH MOBILE TRAINING VAN

Our **Project Youth Mobile Training Van** is a new social enterprise project thanks to the support from the Snow foundation in purchasing the van for Canberra PCYC. This 20-week program is for young people and there will also be adult courses available.

The participants receive a cert 4 in Hospitality and Barista cert at end of each round. They will be linked to an employment service who will work alongside CPCYC in engaging potential employers for work experience and paid employment.

This social enterprise program is a first for the ACT regional area and the van will be mobile on the streets with all income going back into the program.

Our supporters for this social enterprise:

- Snow Foundation
- Cosmorex coffee
- Boorer Foundation
- College of Transformation, Education and Training
- Food Trailer King
- Salvation Army Employment Plus
- Cannoli Brothers
